## 6000V & 7500 AIRWASH CARTS

### Safe

The AirWash can safely be used while people are present. Easy to use, you simply plug it in and turn it on.

### Rugged

The AirWash solid metal construction and heavy duty wheels are built for years of trouble free operation in the most demanding of environments.

### Amaicare Certified

Airwash will produce "maximum indoor air quality" and is suitable for people suffering from chemical sensitivities, asthma or allergies.

### Versatile

The AirWash can be used in hotel rooms, when cleaning or vacuuming floors, in print shops or anywhere that elevated V.O.C.'s, particulate or odors are a problem.

An Amaicare Airwash system will effectively clean and circulate air throughout your space.

### Three-Stage Filtration

Removes particulates, V.O.C.'s and odours using HEPA filters and carbon.

### Easy/Change Filters

Quick access panels allow for easy maintenance.

### Durable Metal Cabinet

Greater protection for internal components and filter systems.

### No Harmful Production of By Products

Some systems can produce ozone which has found to be harmful to human health.

### Highly Efficient

The AirWash is 99.97% efficient on air borne particles over 0.3 microns (1/25,000 of an inch).
